FOUL GAS

Workmen Have a Close Call in Market Street Yesterday

Yesterday morning while engaged in making attachments in the basement under the pavement at the business place and dwelling of Mr. George Diner in Market street, George Weber and James Hunt came very near passing in their checks from the effects of inhaling escaping gas from a leaky pipe.

Weber was asphyxiated and the timely arrival of Dr. Reed alone saved the man's life.

He was as limp as a rag when the physician arrived and ordered him carried to the open and fresh air, and it was late in the day before he fully recovered from the ill effects of the inhaled poisonous gas.

It is said certain those two individuals will be careful hereafter when engaged in a similar job.

The call was too close to be pleasant.

The purpose of said Receiver is to loan said amount and said beneficiaries are to receive the interest therefrom, the principal to remain intact and at their death goes to the Library Association.

HISTORIC WATCH

Fine Piece of Jeweler's Art Owned By Dr. A. G. Browning

There is at P. J. Murphy's, for slight repairs, a watch having a history.

Away back in the time trying men's souls, John Hart of New Jersey signed the never-dying Declaration of Independence.

Later, his son, David Hart, passed into North Carolina, thence coming, with Richard Henderson, into Kentucky to found the once famous Transylvania Colony. Later yet, Colonel David Hart commanded with distinction a regiment throughout the War of 1812, after which he represented Fleming county for three successive terms in Kentucky's Legislature.

In all this long historic time this watch has been treasured and passed to successive generations, being now in possession of the one remaining descendant of Colonel Hart, Dr. A. G. Browning of this city, son of Mary, the daughter of David Hart.

Aside from associations, the watch is of itself a thing of beauty.

The remains of Colonel Hart, the historic ancestor, lie in the old General Morgan or "Wilson Run" graveyard, in Fleming county.

WORLD FAME.

SUPERIORITY OF VINOL, THE NEW COD LIVER OIL PREPARATION.

Recognized by the Greatest Authorities Not Only in America, But in Europe.

"Good news goes fast," said Mr. Pecor yesterday, talking to a reporter about that wonderful new cod liver oil preparation, Vinol, which contains all the valuable medicinal principles of that famous remedy, but no oil, and concerning which so much is heard nowadays. "Why, besides being talked about in the most prominent papers in America, its principles have been discussed in the 'Lancet' of London, England, the greatest medical publication in the world.

"This will show you what the great men of the old world think of the Vinol idea. The Editor of The Lancet says:—

"Recent investigation has led to the isolation of several distinct bodies in cod liver oil, notably amongst which are the alkaloids. (We call them medicinal curative principles.) These principles have been tested faithfully and the results form the subject of the exclusive report by Gautier and Morgues in the Journal de Pharmacie, who concluded that the combined active medicinal principles of cod liver oil act as powerful stimulants of nutrition and assimilation, and show definitely the nature of the principles to which the oil owes its valuable medicinal properties.

"This report proves that the real merit of cod liver oil was due to the alkaloids contained therein. Now it is these valuable alkaloids or active medicinal principles, as we call them, that are contained in Vinol, which make it the most scientific and valuable preparation of cod liver oil known to medicine."

"And the best part of all this is," continued Mr. Pecor, "it is not only the world's physicians who are enthusiastic, but the people who take the remedy. It doesn't take but a minute to find out that Vinol is delicious to the taste, then the patient soon realizes its advantages. It does good so much more quickly, and accomplishes the desired end in a much more marked manner than cod liver oil in its crude form was ever able to do.

"Oh, yes, of course I consider Vinol a great success," continued Mr. Pecor. "How can it be otherwise? A discovery that has made it practical to prescribe the greatest known medicine for all wasting diseases in a concentrated and doubly potent form and as delicious tasting as a fresh orange surely must be successful."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. HAPPY MOTHER'S
TOUCHING STORY

Of Baby's Dreadful Suffering
from Eczema.

CURED BY CUTICURA.

Now His Skin Is as White
as a Snow Flake.

"A terrible rash broke out on Charlie's poor little face and spread to his neck, chest and back. I had never seen anything quite like it before," writes Mrs. Helena Rath of 821 10th Ave., N. Y. City. "The skin rose in little lumps, and matter came out. My baby's skin was hot, and how he did suffer. He wouldn't eat, and night after night I walked the floor with him, weak as I was. Often I had to stop because I felt faint and my back throbbed with pain. But the worst pain of all was to see my poor little boy burning with those nasty sores. At last I was persuaded by a friend across the street to try the Cuticura Remedies. She gave me some Cuticura Ointment—I think the box was about half full—and a piece of Cuticura Soap. I followed the directions, bathing Charlie and putting that nice Ointment on the sores. Little by little, but so surely, Charlie and I both got more peace by day and more sleep by night. The sores sort of dried up and went away, and now Charlie is cured completely."

"Yes, that fat little boy by the window is Charlie, and his skin is as white as a snow flake, thanks to the Cuticura Remedies. I think everybody should know about the Soap and Ointment, and if it is going to help other mothers with sick babies, go ahead and publish what I have told you."

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 50). Ointment, 50c. Soap, 25c. Depot: London, 27 Charterhouse St.; Paris, 2 Rue de la Paix; Boston, 127 Columbus Ave. Potter Drug & Chem. Corp., Sole Props. Send for "All About the Skin, Scalp and Hair."

River
News

The Queen City is laid up at Memphis.

Navigation on the Ohio river has been all but suspended for four months.

It takes a nine-foot stage in the Upper Ohio to let coal tows come from Pittsburgh.

The packet Katie Mac has been substituted for the Greyhound in the Portsmouth-Huntington trade.

If there is as much snow in the mountains as reported above Pittsburgh, and a general thaw melts the snow or a good rain falls, there will surely be a rise in the Ohio, and a good one.

There is much disappointment among rivermen because President Roosevelt made no mention of the improvement of the river in his message at the opening of the Fifty-eighth Congress.

The opening of the river and a full and complete resumption of navigation will mean a relief to shippers who have been hopeful and patient—waiting for a good rise in the stream and a general resumption of business on the Ohio river.

A new departure in the handling of freight is being tested by the Arkansas River Packet Company. A derrick arrangement has been fitted up on the packet Delta, which conveys the freight from the foot of the stage to the boat.

The new arrangement handles twice as much freight in a given time as a crew of rowabouts. Besides fast work, the crew is reduced about two-thirds.

The precipitation of rain, sleet and snow in the upper Ohio river will only have a influence on the river's stages. Should a cold spell come before the Ohio rises, the stream will close as early as last year, December 12th. A lower stage of water prevails this year, and the disaster which follows a break-up would be greater than that of last year. Coal pools at headwaters are reported frozen, while shore ice on the extends out about six feet and is an inch thick.

Yesterday's Commercial T... tomorrow will mark the first anniversary of the longest period during which the Ohio closed in the memory of history of the river by the white man on the stream. It was full of ice for two weeks before it at Sliding Hill, December 8th, above here on December 12th the river closed at Cincinnati and stayed closed at that point for 95 days until the break of the gorge at Medoc Bar. It is possible that the history of last winter will be repeated this year. On Monday night head shore ice was formed along the river for tances ranging from 8 to 10 feet from shore, and as thick as half an inch in places. With zero weather for 36 hours the river freeze over here, and would be solid bottom in the shallower spots."

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily and each dose added health and strength. I am so thankful for the help I obtained through its use."—Mrs. FLORENCE DANFORTH, 1007 Miles Ave., St. Joseph, Mich.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced. Here is another case:—

"DEAR MRS. PINKHAM:—For years I was troubled with falling of the womb, irregular and painful menstruation, leucorrhoea, bearing-backache, headache, dizzy and much trouble.

Five years but did the use of your bottles of and,

Why don't the G. A. R. agitate the question of admitting the Sons of Veterans to Post meetings on proper restrictions so that the National Encampment will pass a rule or law to that effect? It seems the Sons of Veterans cannot do any good as an organization. There should be today one million Sons of Veterans working with the old ex-soldiers.
Old Croxton Post No. 9, G. A. R., of Fearis, has never been out of working order since organized, December, 1883. It has been honored in state and National meetings and could not afford to backslide and be looked upon at state or National headquarters as a non-patriotic Post. It gave a free oyster supper with turkey and trimmings at the last regular meeting here, and will have a public installation of officers at this place the first Saturday in January at 2 p. m. Department Commander Baumsmith will be invited to take part in the program.

THE LEDGER.

The Rev. T. DeWitt Talmage says—
"A newspaper whose columns overflow with the advertisements of business men has more influence in attracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprising community. No power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."

THE BUTLERS.

Portsmouth Blade, December 6th.

"The Butlers opened a week's engagement last night at the Grand to one of the best pleased audiences that has graced that popular place of amusement in a long time. The Butlers deserve the favorable criticism that has been given them. They are great, and the fun they produce is of the healthy, moral kind. There is no suspicion of grossness or revolting scenes usually seen at such performances. Mrs. Butler, the wife of the doctor, is a most refined and accomplished little lady, who knows what a refined audience wants in the way of amusement and just how to give it to them. The Butlers have the reputation of being among the best in their line, and if you want to laugh and get real fun out of an evening by all means go and see the Butlers tonight."

At The Washington three nights, beginning Monday. Ladies free under usual conditions. Seats on sale at Ray's Saturday.

The people of Parachute, Col., are tired of the name of their town and have petitioned the Postoffice Department at Washington to have it changed. They believe Grand Valley would sound better and convey more meaning than Parachute, and the powers-that-be at the National capital, as well as the railroads tapping this bustling town, take the same view.

A Certain Cure for Croup.

When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz., Chamberlain's Cough Remedy. Mr. M. F. Compton of Market, Tex., says of it: "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief."
